# SelectSmart Activity Report

On

## Trends and Opportunities in Civil Engineering

By Mr. Sathyamoorthy Nandagopal  
Regional Director  
SIMCO Technologies Inc, Canada

Conducted on: **17-Oct-2020**@ 3pm

Via: Zoom Meetings / YouTube

## ACTIVITY REPORT

Activity Name	Trends and Opportunities in Civil Engineering
Activity Type	Lecture
Conducted By	CTDS Bangalore

### About the Activity:

This is a lecture / webinar activity presented by Sathyamoorthy Nandagopal, Regional Director, SIMCO Technologies Inc, Canada

### About the Mentor:

Civil Engineer with more than 40 years of experience. Out of which 25 years spent in the field of concrete repairs and engineering. Served most of the working life in one of the most aggressive and detrimental climatic conditions for concrete, which gave a rich experience in solving many structural problems both man-made and otherwise.

Started the career by building bridges and buildings in India in the 1970 and 80s for 13 years. Went on to work in Saudi Arabia and now in UAE for 30 years. Participated in many infrastructure projects in the Middle East such as bridges, tunnels, metros etc. Specialized in solving problems of the oil and gas industry.

- Steering and Core Committee Member - International Concrete Repair Institute (ICRI) – UAE Chapter
- Member - ACI Committee 546
- Former Member - International Advisory Committee for CCMI (Construction Chemical Manufacturers Association, India)
- Former Member - International Advisory Committee for IBMS (Indian Bridge Management System)
- Member (Life) - Indian Concrete Institute
- Chartered Engineer – The Institution of Engineers India
- Fellow of The Institution of Engineers India
- Senior Professional Engineer – Engineering Council of India (ECI)
- Presented several papers on the preventive and reactive maintenance of Civil assets.
- Currently leading an International Consultancy company from Canada (SIMCO Technologies Inc) on Restoration and Durability Engineering in the Middle East
