About the Webinar

The webinar titled “Role of Engineers in Indian Armed Forces” was organized to enrich the knowledge of career opportunities of Aerospace students in the Indian Armed forces.

The program was started at 11.00 AM with a welcome speech by HOD/AS and followed by the introduction of the resource person WG CDR Abhishek Dixit by J. Siva, Asst. Prof. ASE. The resource person handled an interactive session about the opportunities for Aerospace Engineering students in the Indian armed forces. The resource person shared the information about the IAF Aerospace Engineering Exams Eligibility.

In between interaction with students and questionnaire to test the ability of students and the resource person motivated the students to enrich their skills through different case studies as it’s still beginning vast domain. The students were expressed that this webinar was highly useful to them to develop their careers in the aerospace field. Finally, the webinar was ended with a vote of thanks by HOD/AS.

Webinar Report

Topic : "WEBINAR ON "FUTURE PROSPECTS FOR
BIOMEDICAL ENGINEERS"

RESOURCE PERSON:

Ms. SHRAAVYA SHASTRY, PhD Scholar

Polymer Chemistry and Biomaterials, Ghent University, Belgium, Europe

Date : 23rd June 2021 (Wednesday)

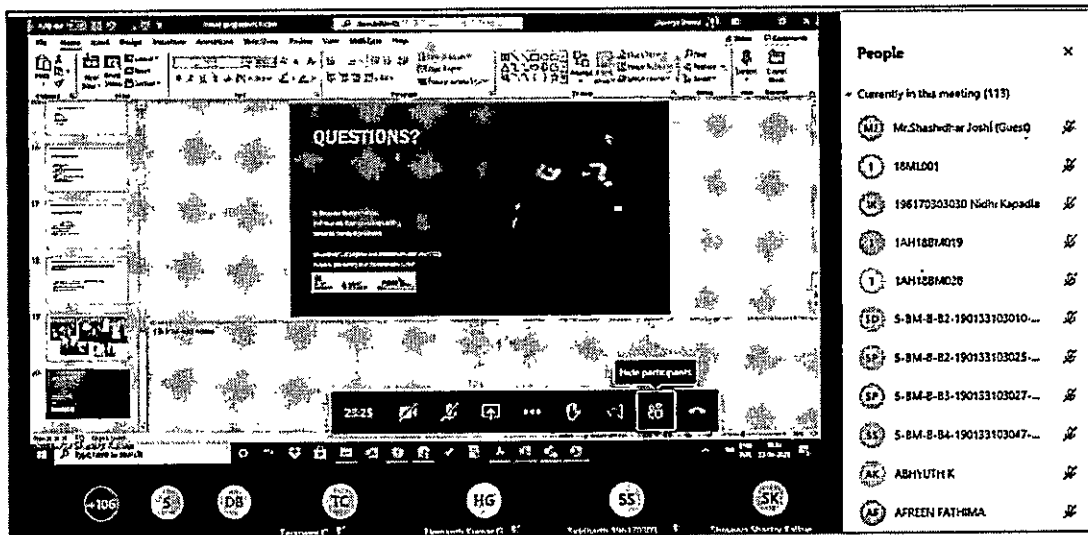

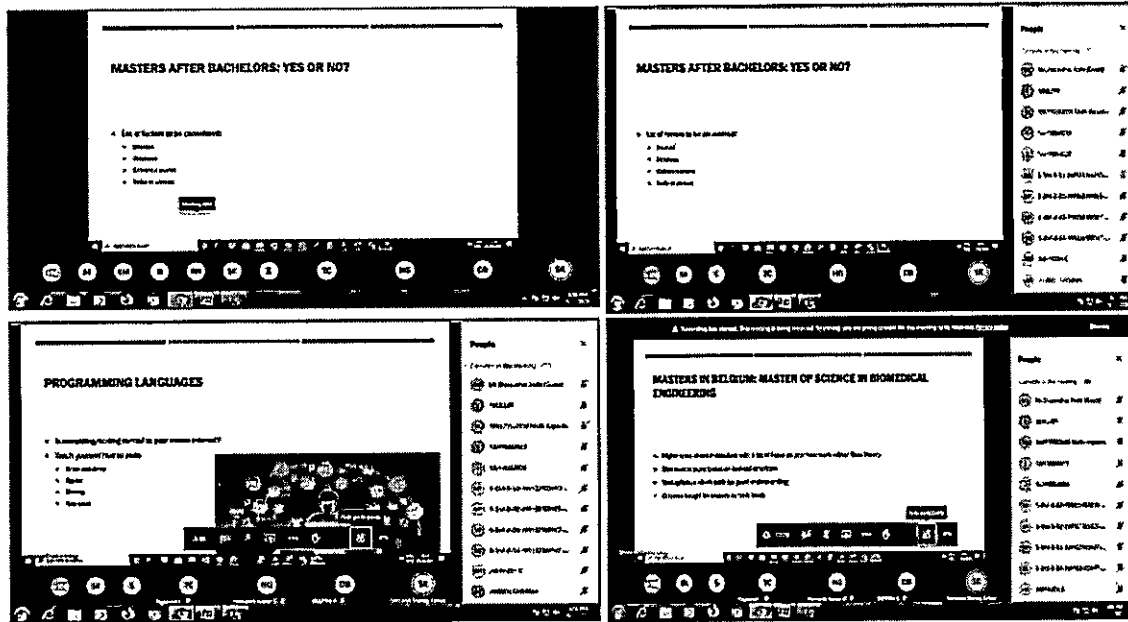

Time : 1.30 PM to 2.30 PM

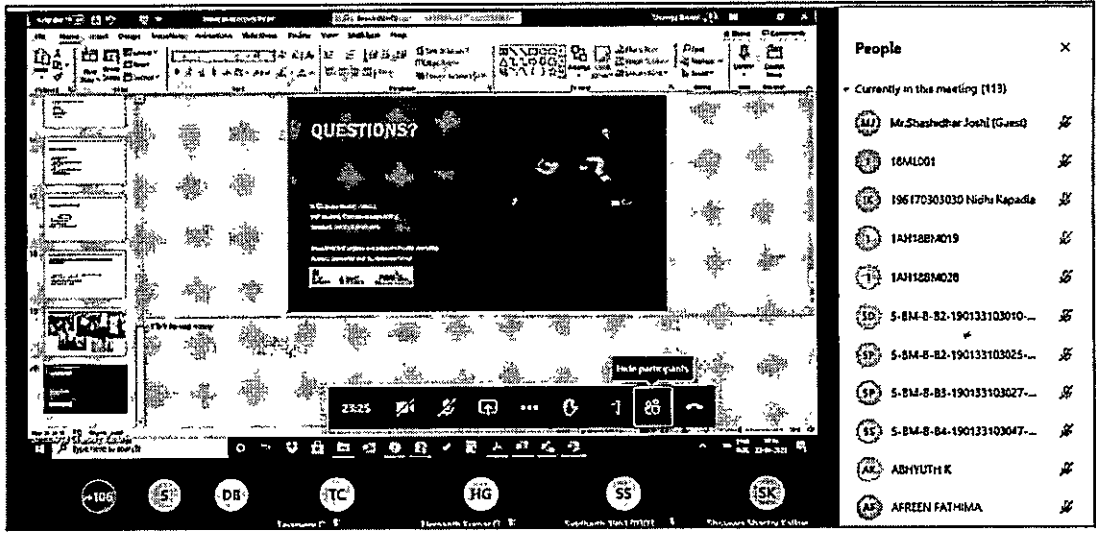

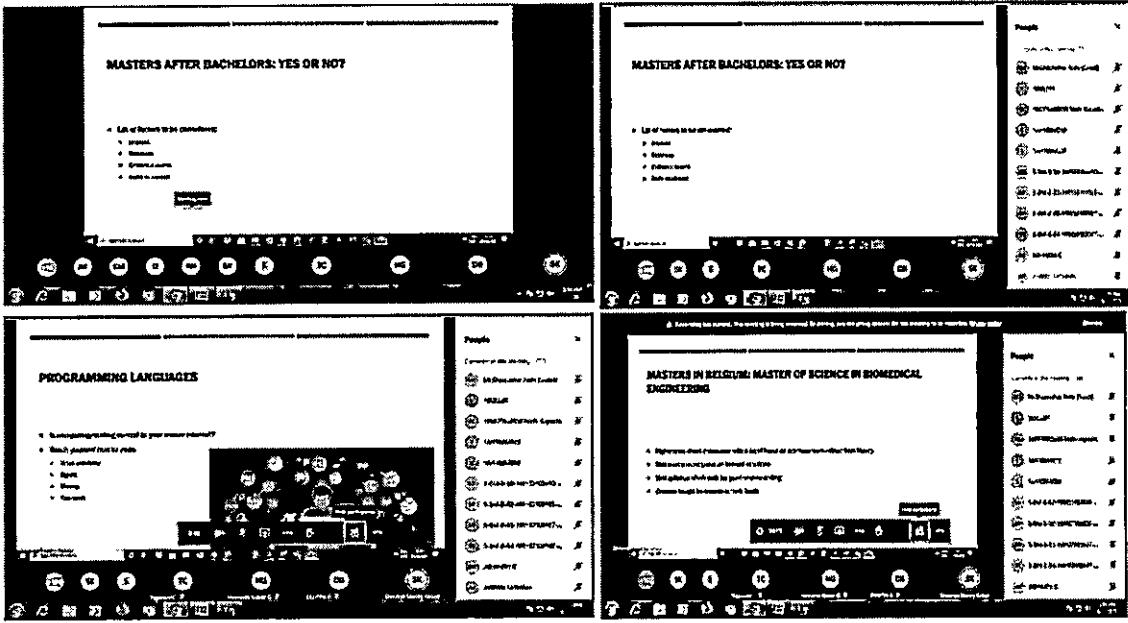

About Resource Person:

Shraavya Shastry completed her Biomedical Engineering degree from Rajiv Gandhi Institute of Technology, VTU. She pursued her MS in the field of Biomedical engineering from Ghent University, Belgium. Her Master Thesis was on "Plasma activation of nanostructured PCL conduits for peripheral nerve regeneration" Automated Real time Voice Analysis (ARTVA) is her Hospital Project –DERMA-Design of Enabling Regenerative Materials is her main project She has received 3rd place in European BEST Engineering Competition organized by BEST Ghent, for a biomedical application of a transducer as an implant in the human body. She is currently pursuing her doctoral degree from Ghent University in the field of Polymer Chemistry and Biomaterials (PBM) Group.

About webinar:

Shraavya Shastry having gained lot of knowledge in the field of biomedical engineering throughout webinar she covered what real biomedical engineering is. What all to study at what point of time to time during undergraduate studies. She spoke about what is the need for masters. Which is the right place , how to take admission in Europe , how visa can be taken and how to hunt job after completion of masters. Webinar also included about fee structure and other web

DEPARTMENT OF BIOMEDICAL ENGINEERING

Webinar on "Aspects of Biomedical Engineering"

Open for all

Resources Person:

Ms.Ramya Motganhalli Ravikumar

Biomedical Engineer from ACS College of Engineering

Currently, pursuing Medical Photonics at Friedrich Schiller University of Jena, Germany

Date: 28-12-2020 (Monday)

Time: 1:30 PM to 2:30 PM

About event:

1. To talk to you about 'Biomedical'.
2. To give you a picture of what you can do during and after engineering.
3. I have been in your shoes, if you wish to do this-I want to tell you it is possible ☺
4. Talk on necessary skill-sets and abilities!
5. Give you a wider picture.
6. Help you choose where you can go next.
7. Help you get some answers.
8. Hopefully, motivate you!

WEBINAR COVERAGE

- What is biomedical engineering?
- Student life: india vs abroad!
- Student life: time management, skill set needed, other aspects.
- Are engineering subjects needed and relevant in the future?
- What after engineering?

WEBINAR SCREENSHOTS

What is Biomedical Engineering?

- Definition (by Webster.com) : the application of engineering principles, practices, and technologies to the fields of medicine and biology especially in solving problems and improving care (as in the design of medical devices and diagnostic equipment or the creation of biomaterials and pharmaceuticals)
- Is it limited to these words?
- Bio = Life; Medical = relating to the science or practice of medicine; Engineering = build or innovate technology/ devices/ techniques

Common areas

- Basic sciences:
 1. Physics
 2. Chemistry
 3. Mathematics
 4. Biology
 5. Computer technology
- Advanced areas:
 1. Programming skills (not basic; problem solving and algorithm/flowchart writing)
 2. Electronics
 3. Electrical
 4. Statistics and Informatics
 5. Material science
 6. Business and entrepreneurship
 7. Anatomy and physiology (in depth)
 8. Soft skills – critical thinking, emotional intelligence and problem solving (real situations)

• Why Mathematics?

1. Physics & Chemistry = mathematical backing
2. True nature of systems in a system/ environment. For ex: boiling point, freezing point
3. Every change in nature needs to be quantified, then based on need: analyzed (order- flow/ non-linear), plotted

Formulas:

1. 11° and 12° bases
2. ML to M4

What do we study later?

1. Studying physical laws, experimental laws
2. Uses and side functions: practical advantages
3. Series and sequences in determining figure type

• Why Robots?

1. Area of interest
2. In and out based on field chosen: Genetics, pathology, organ systems (imaging, surgery, ligand), Anatomy, Microscopy
3. Normal vs abnormal: why abnormal? Detection/ diagnosis/ Treatment/ correction?

Applications:

1. 11° and 12° bases
2. Anatomy, Physiology, Pathology, Microbiology, Histology: based on area of interest

What do we study later?

1. Radiographic exam and imaging for pregnancy, tumors, abdomen
2. Application of knowledge from other areas to solve problems in Medicine

• Why statistics and Informatics?

1. Useful to interpret and analyze large amount of data (for ex: cancer patients worldwide in the age range 10-15)
2. Helps to group and study data overall and under specific conditions.
3. After a point, system will be able to draw conclusions once fed with data and trained to analyze (AI-ML).

• Why Material science?

1. Prosthetics, implants, surgical devices with bio-compatibility.
2. Durability, effects on health, comfort, carcinogenic impact, etc.
3. Sample storage in experimental set-up.

• Why business and entrepreneurship?

1. Once designed and ready to hit the market: overall idea of process
2. Industry or academia: market knowledge essential; need, cost, funding, etc.
3. Supply and demand based on need

Prominent domains in Biomedical

- AI
- ML
- Data analysis and interpretation
- Bio-statistics
- Bio-informatics
- Medical informatics
- Data science
- Image processing and analysis
- Signal processing and analysis
- Device design and calibration
- Software related aspects
- Research domains: clinical and others

Webinar on Industry 4.0: Employers' Expectations on Fresh Engineering Graduates
 Resource Person : KamalKumar G, Senior Manager Human Resoure, Jouve India(p) Ltd.

Date : 10th November 2020

Time : 10.00 AM – 11.00 AM

Platform : M S Teams

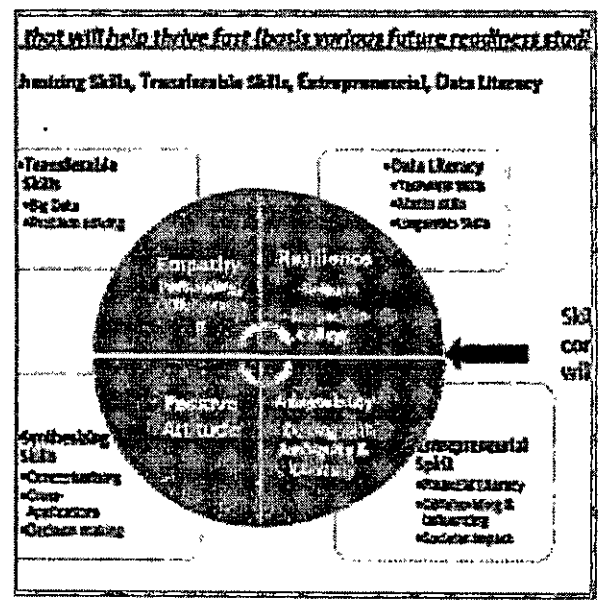

Organized by : Department of CSE

Introduction

From the pass until now, the industry was affected by technological change and innovation. These paradigms are called industrial revolutions. These revolutions were caused by mechanization (1st industrial revolution), use of electrical energy (2nd industrial revolution) and electronics and automation (3rd industrial revolution). All these industrial revolutions did influence only the production itself, but also the labour market and the educational system as well. Currently, due to the development of digitalization and robotics, we are facing the next industrial revolution, known as the Industry Revolution 4.0. The emerging technologies have huge effect on the education of people. Only qualified and highly educated employees will be able to control these technologies.

The skills needed by employers' in the Industry 4.0 have change due to the changes of the technologies. In this paper, we present the non-technical skills those are demanded by employers' in Industry 4.0 based on recent studies by doing meta-analysis technique. In addition, interviews with five employers have been done to clarify the meta-analysis results. Based on the results, the non-technical skills which are demanded by employers are communication skills especially in English, teamwork skills, critical thinking and problem-solving skills, entrepreneur skills and computer skills.

Universities should be exposed their students with much more of interdisciplinary teaching, research, innovation and valuable industrial training to meet current demands of industries. Earning an international degree is not only about expanding your career and personal horizons but also about having an experience of a lifetime. Here are some of the reasons why you should consider studying internationally:

- *Universitäten (Technische Universitäten)*
- *University of Applied Sciences (Hochschule or Fachhochschule)*

Why a Master's degree?

- 1) Theory oriented Bachelor's degree
 - 2) Insufficient skills sets
 - 3) No practical exposure
- Master's degree bridges this gap

Personality Management for Your Career

By Ms. Apitha Bhat
Founder & CEO,
Invicta Learning

Conducted on: 13-Sep-2020@ 11 am
Via: Zoom Meetings / YouTube

ACTIVITY REPORT

Activity Name	Personality Management for Your Career
Activity Type	Lecture
Conducted By	CTDS Bangalore

About the Activity

This is a lecture / webinar activity presented by Ms. Apitha Bhat. Founder & CEO. Invicta Learning

About the Mentor:

39 years old with a Masters in Personnel Management, started as an employee with a Dutch Human Resource Staffing Organization, Randstad Holding. After a short and successful stint in Recruitment, moved into Industrial Relations and Training. Training and Organizational Development Interventions interested her and shaped her career in the same field. She runs 2 firms in the same space of Learning and Organizational Development namely, Atheya and Invicta Learning.

Over the last 7 years one program has been in the calendar constantly, "Exploring Self". These programs were designed and delivered to Organizations in Research & Development, IT, Analytics and HR Consulting. The program helps decode the personality of an individual, explore their strengths, areas of improvement, career enhancing contributors and possible career paths and progress in career growth. Her programs have a fluidity within structure which allows individuals and groups to introspect, ask, confirm and define. Her programs have 'head down' time and 'huddle' time which is essential to allow introspection and discussion.

GATE EXAM TRAINING PROGRAMME SCHEDULE

It is pleased to inform you all that our Department has planned to conduct a training programme for GATE and COMPETITIVE EXAMINATIONS for 4th year and 3rd students. The details of programme are as follows.

Duration of programme : 09-11-2020 to 14-11-2020
(all the college working days)
Class Timings : 4.30 P.M. to 5.30 P.M.
Venue : Final Year Classroom.

Salient features of the training programme are,

- Question papers along with their solutions (with explanation) as per GATE level will be discussed.
- Previous years GATE question papers discussion
- GATE material and Reference books will be provided (soft copy).
- Regular class tests and mock test will be conducted.
- Special coaching on Quantitative aptitude and reasoning.
- The course will be conducted by our department faculty members.

It is informed that all the interested students (only final year) are invited to attend the training programme to get benefited.

Report for POST COVID-19 Challenges & Opportunities for Aerospace Engineering - webinar

Name of the Event	:	Webinar on POST COVID-19 Challenges & Opportunities for Aerospace Engineering
Resource Person	:	Padma Shri Dr. Mylswamy Annadurai
Date & Time	:	29-05-2020 & 10.30 AM to 12.30 PM
Venue	:	Online Mode - Zoom
No. of Participants	:	80 Students + Four AS Staffs,

About the Visit

The Webinar titled “POST COVID-19 Challenges & Opportunities for Aerospace Engineering” was organized by Aerospace department to help the students in choosing excellent career paths that are available to them in the wider world.

The program started at 10.00 AM with the welcome speech by HOD/AS and trailed by introduction of the key speaker Padma Shri Dr. Mylswamy Annadurai by Mr. J. Siva, Asst. Prof. ASE.

He has briefed about the various opportunities available in all the fields of engineering after post-COVID-19. He emphasized the engineers to utilize this situation to invent and develop more advancement in the field of automation, IoT, Industry 4.0, use drone technology to enhance the service in the agricultural sector.

May the aerospace and aeronautical engineering to invent and develop more nanomaterials to make the space crafts to be much more compact in comparison to the existing satellite. More number of participants raise the questions with the expert and clear their doubts.

In between communication with students and questionnaire to test the ability of students, the resource person inspired the students to enrich their skills in using scientific knowledge for betterment of human kind. The students expressed that this program was highly useful to them to develop their career. Finally, the webinar was ended with vote of thanks by HOD/AS.

Date: 27/5/2020

Time: 1:30 PM to 2:30 PM

About Resource Person: Ramya R, Alumni of BME Department, ACS College of Engineering. Brilliant and obedient student has excelled at UG level and now she is pursuing her masters at Karlsruhe Institute of Technology. Her guidance could be helpful for our students wishing to pursue their masters in Germany.

About the Event:

In the one hour webinar Ms. Ramya M S talked about the universities in the Germany. Gave brief information on the universities which specifically provides unique courses. Exams required to be eligible for German Universities.

Eligibility criteria, cost of living, stipend, part time work procedure all was discussed in the webinar.

Under QA timings she cleared all the doubts of students who are interested to pursue their masters in UK.

WIPRO - COMPANY SPECIFIC TRAINING - 2019 BATCH

Dear All,

M/s. Wipro Infotech Recruitment Drive is scheduled to be on 16th / 17th / 18th of November 2018 for all the 2019 Batch BE students across India. In order to prepare the students for the same RajaRajeswari Group of Institutions Management has decided to provide an extensive training for all the eligible students of BE-2019 Batch i.e., students of all the branches with minimum 60% in 10th, 12th/Dip & BE 60% or 6 CGPA through M/s. Seventh Sense Talent Solutions, a Bangalore based training vendor.

Training will be conducted from Monday, 12th of November 2018 to Thursday, 15th of November 2018 (Time: 08:30 AM to 6:00 PM (may extend after 6:00 PM based on performance of the students)).

The Training has been made compulsory to all the eligible students, and all those who get selected for Wipro will have to pay a sum of Rs. 10,000/- + GST. to Seventh Sense.

RRGI management has decided to collect the Training charges from each selected student within 3 days after Selection email is received by the Training and Placement team.

Note:

- Attendance for all the sessions is compulsory for all Wipro eligible students.
- Students who do not get selected need not pay any training fee.
- HODs and Placement Coordinators are requested to support the TPO by ensuring 100% attendance for training as well as recruitment event.

Guidance for final year engineering students for a successful career

- From spoon-feeding to self-learning
Though engineering has now become a common professional degree, it is always a unique and evergreen course.
- Focus on personality development
Students should focus on their personality development, particularly their communication capabilities and professional manners. Spoken English has to be given special attention.
- Extracurricular activities
Extracurricular activities shall be given a taken up by students as they form important part of their resume when they start applying for jobs and higher studies. The students should participate in various competitions in different colleges at state level and at national level. Be clear on career goal.
The students should be very clear about their career goals. Selection of correct career path will offer them lifelong economical and social stability. Having higher aims in life is not sufficient, but it should be accompanied with great determination and hard work. One should be careful in choosing one's career. They should consider all pro and cons of various available career options.

Know Your Direction. Not Your Destination

- ▶ So it is not important to know exactly what you want to do with your life. People change. Economies change. So, it is not even realistic to boldly claim "I know what I want!"
- ▶ The only thing every person needs is a sense of direction. A vision of where you would like to go.

- Live projects
Whatever be the chosen career path, during final year, the students should aim to do project work of good quality in which their contributions are evidently observable.
- Internships and workshops
It is advisable if one can get Internships from well known companies where they will work alongside project teams on live projects.
- Placement scenario
- Preparing for campus placements
If getting good campus placement is your target, then efforts must be put right from day one of final year. Students targeting at core jobs should have sound knowledge of fundamentals of their branches. Students targeting software jobs should be good at soft skills and programming. If target is to get an opening in a multi national company, then learning a foreign language would be very much helpful.
- On the day of the interview
On the day of campus interview, reach the placement office in proper dress code with all requisite certificates and documents well before time. Attend pre placement talks by the companies and interact with company officials to clarify any queries you have on the job profile/ selection process.

- **Wide options through Engineering**
A wide variety of options are available to be taken up after engineering such as pursuing higher studies, taking up a job or striving for Civil services or Engineering services.
Higher studies
Higher studies may be pursued either abroad or in India in engineering or management streams. Getting admission for post graduation in India is very difficult due to tough competition compared to abroad admissions. However, if one aims to get admission into top ranking institutes, he /she must ensure initially whether they have good percentile of marks/CGPA in graduation
- **Management studies**
Getting good scores
If one aims to pursue higher education in engineering in India, they should prepare for GATE exam.

Activity in Brief.....!

Department of Civil Engineering successfully completed the Technical Seminar on "Construction Management as Career" on 3rd June 2020. The Seminar started @ 2 PM by introducing the speaker to all the participants by Vishal B V, Coordinator. Then the session was taken over by Er.S G Ashok Kumar the Guest Speaker.

The speaker started the session by giving knowledge on the Construction Management software and careers. He explained procedures of all construction's activities in all and simplified analysis aspects. He explains the industrial projects in details and different software applications like BIM, TEKLA, REVIT (MEP)

Vote of thanks to the speaker was given by Dr. S. Kavitha, HOD/Civil

Mr. Asifakther, Manager, Prinston Smart Engineering HVAC, Bengaluru delivered an insight "Awareness program on Placement Mechanical Engineering (HVAC) " at ACSCE II Floor Smart class room on 15/10/19 which is organized by Department of Mechanical Engineering, ACSCE.

All 5th & 7th Semester students attended the awareness program and got the required details for perusing higher education in Australia, Canada, New Zealand & other countries. Mr. Asifakther explained about Heat Ventilation & Air Conditioning its application in different areas like hospitals, schools, colleges, buildings, airports and factories. He spoke about the opportunities available worldwide for the application of HVAC, especially in Middle East. He also spoke about the tools commonly used for the application of HVAC, AUTOCADD and its importance in the field of HVAC.

We are thankful to Management of Rajarajeswari Group of Institutions, Principal of A C S College of Engineering for permitting us to conduct such a wonderful Guest Lecture.

Opportunities for Mechanical Engineers in **CAD/CAM**

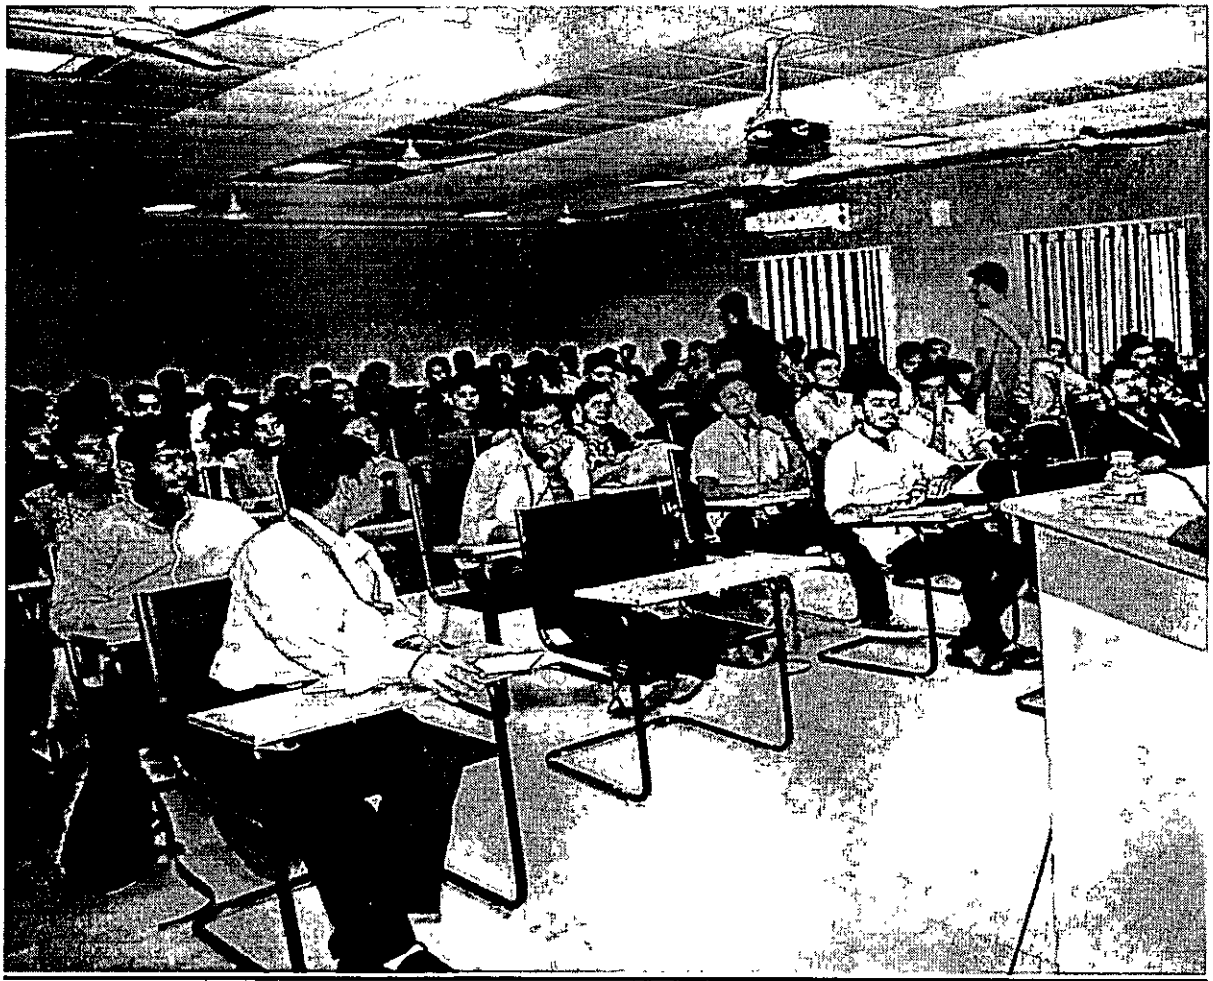

The CAD-CAX seminar was organized to enrich the knowledge of Mechanical Engineering students to get exposure on design and analysis software's on 21-10-2019.

The program was started at 10.30 AM with the welcome speech by HOD-ME and followed by introduction of the resource. The resource person handled an interactive session about the introduction to AutoCAD, CATIA, and CREO, Simulation models by NX CAD, HYPERMESH and ANSYS fundamentals.

The resource person gave the students regarding various modelling and drafting tool used by different industries. Aeronautical Engineering applications mostly use CATIA, whereas structural engineering application use UG-NX or CREO tools for modelling as they are suited for that application. He gave an insight to students regarding the various tools and how to best select tools based on one's interest and how to improve skills to suit the industry.

The resource person motivated the students to enrich their skills in software training. The students were expressed that this seminar was highly useful to them w.r.t to design software's required for Mechanical Engineering domain. Finally, the seminar was ended with vote of thanks by Mr. Srinidhi S. R. Asst. Prof.

GATE EXAM TRAINING PROGRAMME SCHEDULE

It is pleased to inform you all that our Department has planned to conduct a training programme for GATE and COMPETITIVE EXAMINATIONS for 4th year and 3rd year students. The details of programme are as follows.

Duration of programme :16-12-2019 to 21-12-2019

Class Timings :4.30 P.M to 5.30 P.M

Venue :Final Year Classroom.

Salient features of the training programme are,

- Question papers along with their solutions (with explanation) as per GATE level will be discussed.
- Previous years GATE question papers discussion
- GATE material and Reference books will be provided (softcopy).
- Regular class tests and mock test will be conducted.
- Special coaching on Quantitative aptitude and reasoning.
- The course will be conducted by our department faculty members.

It is informed that all the interested students are invited to attend the training programme to get benefited.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and transfers between accounts.

Next, the document outlines the process of reconciling bank statements with the company's records. It stresses the need to identify and explain any discrepancies, such as bank charges, interest, or errors in recording. Regular reconciliation helps in detecting fraud and maintaining the accuracy of the cash balance.

The following section covers the preparation of the income statement. It details how to calculate net income by subtracting all expenses from total revenue. The document provides a clear breakdown of operating and non-operating items, ensuring that the final profit figure is accurate and reflective of the company's performance.

Finally, the document discusses the preparation of the balance sheet. It explains how to determine the company's financial position at a specific point in time by listing all assets and liabilities. The document highlights the importance of ensuring that the balance sheet is balanced, as this is a fundamental principle of accounting.

WIPRO - COMPANY SPECIFIC TRAINING - 2019 BATCH

Dear All,

M/s. Wipro Infotech Recruitment Drive is scheduled to be on 16th / 17th / 18th of November 2018 for all the 2019 Batch BE students across India. In order to prepare the students for the same RajaRajeswari Group of Institutions Management has decided to provide an extensive training for all the eligible students of BE-2019 Batch i.e., students of all the branches with minimum 60% in 10th, 12th/Dip & BE 60% or 6 CGPA through M/s. Seventh Sense Talent Solutions, a Bangalore based training vendor.

Training will be conducted from Monday, 12th of November 2018 to Thursday, 15th of November 2018 (Time: 08:30 AM to 6:00 PM (may extend after 6:00 PM based on performance of the students)).

The Training has been made compulsory to all the eligible students, and all those who get selected for Wipro will have to pay a sum of Rs. 10,000/- + GST. to Seventh Sense.

RRGI management has decided to collect the Training charges from each selected student within 3 days after Selection email is received by the Training and Placement team.

Note:

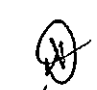

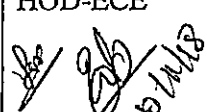

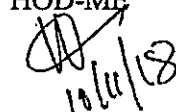

- Attendance for all the sessions is compulsory for all Wipro eligible students.
- Students who do not get selected need not pay any training fee.
- HODs and Placement Coordinators are requested to support the TPO by ensuring 100% attendance for training as well as recruitment event.

Sub. Code: 15CHE22

Branch: ME/ECE/BME/EEE (Sections: A, B & C)
Max. Marks: 30

Date: 29-05-2017
Time: 1 hr

Note: Answer THREE full questions.

Q. No.		Marks	Co's	PO's
1	(a) What is polymerization? Describe addition and condensation polymerization with example.	5	4	1, 2, 3, 4, 7, 12
	(b) What is Cracking of petroleum? Explain the Fluidized catalytic cracking process?	5	3	1, 3, 4,
OR				
2	(a) What is Boiler feed water? Explain the scale and sludge formation in boiler.	5	5	1, 3, 4, 7, 12
	(b) What are nanomaterials? Explain the size defining properties of nanomaterials.	5	5	1, 3, 4, 7, 12
OR				
3	(a) What is Photovoltaic Cell? Explain the construction and Working of Photovoltaic cell?	5	3	1, 3, 4, 7, 12
	(b) Define Elastomers? Explain synthesis properties and application of silicone rubber?	5	4	1, 2, 3, 4, 7, 12
OR				
4	(a) In COD test 28.1 cm ³ and 15.3cm ³ of 0.06N FAS solution were required for Blank and Sample titration respectively. The volume of test sample used is 30 cm ³ . Calculate the COD of the sample solution.	5	5	1, 3, 4, 7, 12
	(b) In a polymer sample, 200 molecules have molecular mass 1500g/mol, 300 molecules have molecular mass 2500g/mol and 500 molecules have molecular mass 2700g/mol, calculate number average, weight average molecular mass of the polymer.	5	4	1, 2, 3, 4,
5	(a) Explain free radical mechanisms for addition polymerization taking Vinyl chloride as an example.	5	4	1, 2, 3, 4, 7, 12
	(b) Explain the Activated sludge method in sewage treatment.	5	5	1, 3, 4, 7, 12
OR				
6	(a) What is Knocking? Explain the Mechanism and ill effects of Knocking in IC engines by taking suitable example?	5	3	1, 3, 4, 7, 12
	(b) Explain the synthesis, properties and applications of Polymethylmethacrylate (PMMA).	5	4	1, 2, 3, 4, 7, 12

The Career Guidance Cell, ACS College of Engineering invites you to a Session on "CIVIL SERVICES- IAS" for 1st year students of ACSCE on 16th August 2016 from 2:00PM to 4:00 PM at our college.

We request you to accept our invitation and give your valuable input to our students.

Thanking you,

Yours sincerely

(Dr. M.S. Murali)
Principal, ACSCE

SECOND SEMESTER (2016-17)

THIRD Internal Test

Sub: Engg. Chemistry (CBCS Scheme)
Sub. Code: 15CHE22

Branch: ME/ECE/BME/EEE (Sections: A, B & C)
Max. Marks: 30

Date: 29-05-2017
Time: 1 hr

Note: Answer THREE full questions.

Q. No.		Marks	Co's	PO's
1	(a) What is polymerization? Describe addition and condensation polymerization with example.	5	4	1, 2, 3, 4, 7, 12
	(b) What is Cracking of petroleum? Explain the Fluidized catalytic cracking process?	5	3	1, 3, 4, 7, 12
OR				
2	(a) What is Boiler feed water? Explain the scale and sludge formation in boiler.	5	5	1, 3, 4, 7, 12
	(b) What are nanomaterials? Explain the size defining properties of nanomaterials.	5	5	1, 3, 4, 7, 12
OR				
3	(a) What is Photovoltaic Cell? Explain the construction and Working of Photovoltaic cell?	5	3	1, 3, 4, 7, 12
	(b) Define Elastomers? Explain synthesis properties and application of silicone rubber?	5	4	1, 2, 3, 4, 7, 12
OR				
4	(a) In COD test 28.1 cm ³ and 15.3cm ³ of 0.06N FAS solution were required for Blank and Sample titration respectively. The volume of test sample used is 30 cm ³ . Calculate the COD of the sample solution.	5	5	1, 3, 4, 7, 12
	(b) In a polymer sample, 200 molecules have molecular mass 1500g/mol, 300 molecules have molecular mass 2500g/mol and 500 molecules have molecular mass 2700g/mol, calculate number average, weight average molecular mass of the polymer.	5	4	1, 2, 3, 4, 7, 12
OR				
5	(a) Explain free radical mechanisms for addition polymerization taking Vinyl chloride as an example.	5	4	1, 2, 3, 4, 7, 12
	(b) Explain the Activated sludge method in sewage treatment.	5	5	1, 3, 4, 7, 12
OR				
6	(a) What is Knocking? Explain the Mechanism and ill effects of Knocking in IC engines by taking suitable example?	5	3	1, 3, 4, 7, 12
	(b) Explain the synthesis, properties and applications of Polymethylmethacrylate (PMMA).	5	4	1, 2, 3, 4, 7, 12

INVITATION

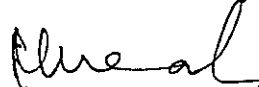

Dear Sir,

The organizing committee of the Career Guidance Cell, ACSCE has decided to organize a Career Guidance Session on "CIVIL SERVICES- IAS" for 1st year students of ACSCE on 16/08/2016 from 2:00PM to 4:00 PM at our college auditorium.

We invite you for the program and request you to give a presentation on CIVIL SERVICES- IAS to educate and guide our students for further preparations. We request you to accept our invitation and give your valuable input to our students.

Thanking you,

 Duration:1½Hrs

Note: Answer any TWO Questions from PART- A & One Question from PART- B

PART- A

1. Data for the Network is given in the table list the jobs and duration in days.

JOB	1-2	1-3	1-4	2-5	3-4	3-7	4-5	4-6	5-6	4-7	6-7
Duration	20	24	8	20	16	24	0	18	0	4	12

Determine

e i) Draw the network, ii) Determine critical path and duration
 Calculate EST, EFT, LST, LFT, TF and FF.

Co's Mark

2. A small project is composed of 7 activities whose time estimates are listed in the table below:

Activities	1-2	1-3	1-4	2-5	3-5	4-6	5-6
Optimistic time	1	1	2	1	2	2	3
Most likely time	1	4	2	1	5	5	6
Pessimistic time	7	7	8	1	14	8	15

- Draw PERT network.
- Find expected duration and variance of each activity.
- Calculate variance and standard deviation of project length.
- what is the probability that the project will be completed at least 4-weeks earliest than expected time. Not more than 4-weeks later than expected time?

CO3 15

3. An R&D activity has 7 activities for which the Three estimates are given in table below along with its preceding activity:

Activity	Preceding activity	Optimistic time	Most likely time	Pessimistic time
A	-	4	6	8
B	A	6	10	12
C	A	8	18	24
D	B	9	9	9
E	C	10	14	18
F	A	5	5	5
G	D,E,F	8	10	12

- Draw PERT Network.
- Find EST, LST and Slack for each node.
- Find critical path & expected project duration.

CO4 15

PART- B

- What is queue discipline and list the various queue disciplines?
- Explain with example queuing characteristics and classifications.
- At what average rate must a clerk at a supermarket work in order to ensure a probability of 0.9 that the customer will not have to wait longer than 12 minutes? It is assumed that there is only one counter to which customer arrive in a passion fashion at an average rate of 15/hr. The length of service by the clerk has an exponential distribution.

5. Arrival rate of telephone calls at a telephone booth are according to Passion's distribution, with an average time of 9 minutes between two consecutive arrivals. The length of telephone call is assumed to be exponentially distributed, with mean 3 minutes.

CO4 20

- Determine the probability that a person arriving at the booth will have to wait.
- Find the average Queue length that is formed time to time.
- The telephone company will install a second booth when convinced that an arrival would expect to have to wait at least 4 minutes for phone. Find the increase in flow rate of arrivals which will justify a second booth.
- What is the probability that an arrival will have to wait for more than 10 minutes before the phone is free.

Program Outcomes:

- a) Acquire knowledge on fundamentals of Electronics & Communication Engineering, Sciences, and Mathematics and Computational aspects.
- b) Identify formulate and solve complex Electronics & Communication Engineering problems by choosing and applying appropriate analysis and modeling methods.
- c) Design and conduct hardware, software, simulation component or process to meet desired needs with realistic constraints including health, safety, cultural, societal and environmental considerations.
- d) Carry out research, experiments, team projects and publish the outcomes in various symposia, conferences and journals.
- e) Use advanced tools like Matlab, Cadence, Xilinx, Masm, C, Embedded C, Kiel, CCS V3, V4 to solve complex electronics and interdisciplinary problems.
- f) Demonstrate the understanding of impact of engineering solutions on the society and also will be aware of contemporary issues.
- g) Evaluate the impact of engineering solutions in diverse engineering fields such as health, environment and safety in global and societal contexts.
- h) Demonstrate knowledge of professional and ethical responsibilities while presenting sustainable solutions.
- i) Work effectively as an individual and as a leader in interdisciplinary environments.
- j) Communicate effectively in both verbal and written form.
- k) Apply managerial principles to his/her own work including financial implications and to manage project in multidisciplinary environments.
- l) Participate and succeed in competitive examinations, develop confidence for self education and ability for life-long learning.
- m) Environmental scan through documents of planning commission and the professional's society like IEEE, IETE, IAMR, AICTE, FICCI.

To,

Dear Parents/guardians,

Sub: Intimation of First internal assessment test performance by your ward -

Regarding.

Your Son/ Daughter _____ bearing

USN _____ is studying in _____ semester Mechanical Engineering in our institution. The First internal marks secured by your ward is as follows.

Sl no	Subjects with subject code	IA marks (Max 25)
1	Engineering Economy(10ME71)	
2	Mechanical Vibration(10ME72)	
3	Hydraulics & pneumatics(10ME73)	
4	Operation Research(10ME74)	
5	Non Conventional Energy Sources(10ME754)	
6	Experimental Stress Analysis(10ME761)	

You are requested to meet concerned proctor within two days after the receipt of this letter to know further about your ward.

Thanking you,

Proctor

GATE EXAM TRAINING PROGRAMME SCHEDULE

It is pleased to inform you all that our Department has planned to conduct a training programme for GATE and COMPETITIVE EXAMINATIONS for 4th year and 3rd year students. The details of programme are as follows.

Duration of programme :28-11-2016 to 03-12-2016

Class Timings :4.30 P.M to 5.30 P.M

Venue :Final Year Classroom.

Salient features of the training programme are,

- Question papers along with their solutions (with explanation) as per GATE level will be discussed.
- Previous years GATE question papers discussion
- GATE material and Reference books will be provided (softcopy).
- Regular class tests and mock test will be conducted.
- Special coaching on Quantitative aptitude and reasoning.
- The course will be conducted by our department faculty members.

It is informed that all the interested students are invited to attend the training programme to get benefited.
