2.5.1: Mechanism of internal assessment is transparent and robust in terms of frequency and Mode

The institution will follow the norms stipulated in the Continuous Internal Evaluation Procedure of VTU as on prevailing date. The rules and regulations governing the assessment and evaluation process are conveyed to the students through copies of the syllabus that are delivered to them at the beginning of the first year of their degree course in which they are enrolled. The internal assessment is carried out in a systematic manner for theory courses, laboratory courses, seminars, summer internship and project.

The academic calendar is prepared by the faculty in advance and approved by Principal pertaining to internal assessment will be communicated to students at the commencement of the semester.

Faculty IA coordinator of the concerned department will prepare the Timetable, Circular, arrangement of seats and Invigilator schedule for the Internal Test. As per the Test Timetable dates schedules, room allocation will be displayed on the Notice board (Classroom & Department). After the internal Test conducted the faculty will discuss the scheme, solutions and the evaluated answer scripts will be distributed in the class. Sessional result is discussed at HoD Level and a comparative evaluation of student's performance is carried out on the internal assessment marks to prepare and guide the students for better performance in the University external examinations.

As per the guidelines of the University, three Assignments mandatory but for any improvement of the marks the student shall be given additional assignment for each subject and accordingly marks will be awarded. All the Internal Assessment Test Marks conducted will be communicated to the parents through ACS College ERP Software. The Institution also conducts a student feedback process of every semester to improve

Teaching, Infrastructure, and the learning experience for the students during their tenure. The Student's feedback is considered as a valuable source of information to measure their level of satisfaction. Parents are invited at least once in a semester to discuss the progress of their wards. This is in addition to the regular monitoring of the student's progress by their faculty mentors. The faculty mentor regularly interacts with the assigned students to monitor and improve the progress of each student and the same is communicated to the parents.
