About the Seminar

The Department of Aerospace Engineering has organized the guest lecture titled “Higher Education opportunities in Foreign Countries” to impart awareness on Higher studies opportunities in Overseas Countries for Engineering Graduates.

The program was started at 02.30 PM. Dr. Suresh C, Associate Professor of Aerospace Engineering delivered the welcome address and introduced the resource person. The resource person handled a very interactive session about the prerequisites, opportunities, time line and processes for higher studies in various foreign nations. The resource person outlined the following points.

- Prerequisites for Higher studies abroad
- Countries offering Higher Education in Aerospace Engineering.
- Courses offered in foreign Universities
- Timeline for application and admission process
- Financial requirements.

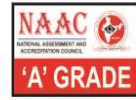

At the end of the session, students interacted with the resource person to clarify their doubts. Students expressed their gratitude that the program was highly informative and interesting. Finally, the seminar ended with the vote of thanks.
