Invitation:

About Infosys:

Infosys Limited is an Indian multinational information technology company that provides business consulting, information technology and outsourcing services. The company was founded in Pune and is headquartered in Bangalore.Infosys is the second-largest Indian IT company, after Tata Consultancy Services, by 2020 revenue figures, and the 602nd largest public company in the world, according to the Forbes Global 2000 ranking.

About Infosys Springboard:
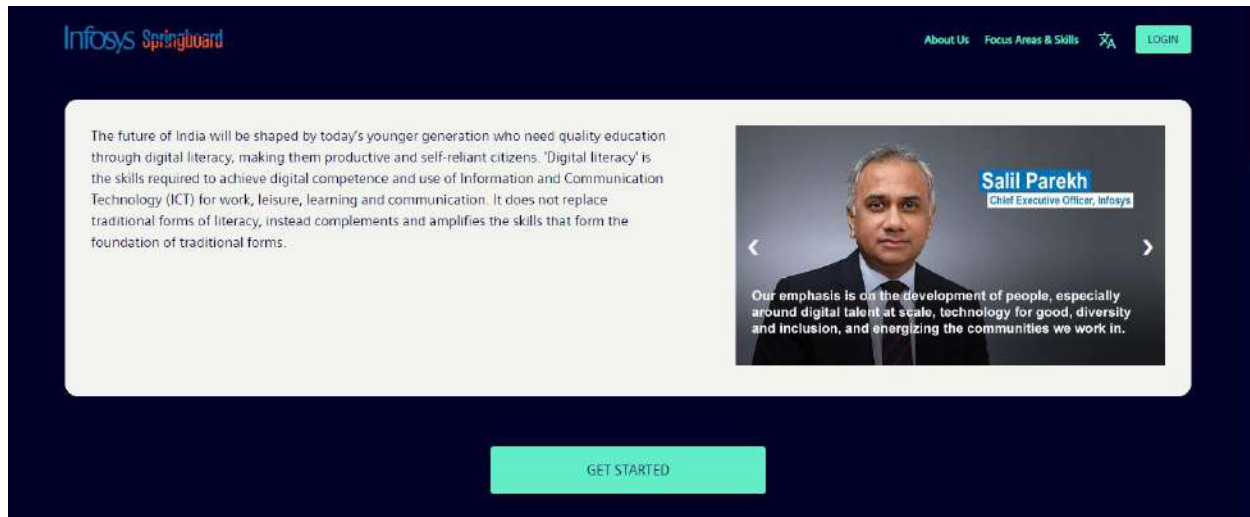

In alignment with the Infosys ESG Vision 2030 to enable digital skills at scale, Infosys Springboard has been identified as a flagship digital learning platform to empower people, communities, and society with skills to be successful in the 21st Century. Powered by Infosys Wingspan, our integrated digital learning and collaboration platform, Infosys Springboard includes content spanning across digital learning, emerging technologies, and life skills. This program is led by a dedicated team of experts collaborating globally with the Infosys Education Training and Assessment (ETA) team, curriculum partners, non-profits and a global network of leading educational institutions.

Learning content within Infosys Springboard has been carefully curated for various geographies to meet the specific needs of the targeted communities within that region.

Purpose of Infosys:
To amplify human potential and create the next opportunity for people, businesses and communities

India:

Infosys Springboard brings digital and life skills for students from class 6 to lifelong learners in India. Delivered free through Infosys CSR commitment to empowering 10 million-plus people with digital skills by 2025, it provides a holistic set of courses, developed in collaboration with world-leading digital educators like Coursera and Harvard Business Publishing. It is fully aligned with India's National Education Policy 2020. The learning program is particularly well-suited to grow vocational skills in addition to soft skills. Masterclasses, programing challenges, practice areas, and playgrounds for experimentation make the training immersive for all. The assessment formats that follow are new-age ready with certification for learners who pass the virtual proctored examination. Nearly 400,000 learners and 300+ education institutions, NGOs, and support groups are already onboard Infosys Springboard.

Alliances:

Infosys is proud to work collaboratively with other leading organizations to achieve shared goal of transforming enterprises through innovative solutions. Their powerful alliance network includes a priority set of market leaders to provide clients with specialized skills and tailored solutions.

Partners:

Infosys has a thriving and growing alliance ecosystem, delivering business solutions that address our clients' business and technology challenges. We have deep relationships across an extensive network of leading technology companies to help you transform and grow.

Their robust ecosystem helps partners boost their revenue growth, expand markets and geographic reach, facilitate sales process, and enhance product and service offerings.
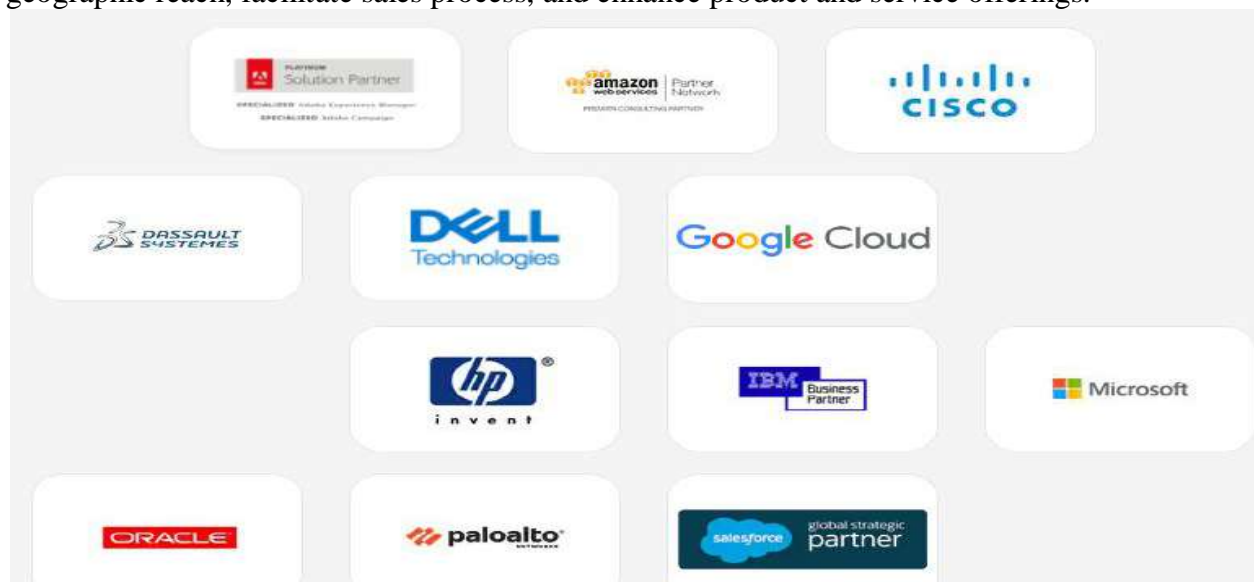

Infosys Free Online Courses:

The Springboard learning platform enables next-gen learning experiences for beneficiaries of the program. The learning program is particularly well-suited to grow vocational skills and soft skills. Infosys spring Board is providing many courses and some of the courses are listed below:

- Business
- Corporate Finance
- Management
- Data Science
- Art

- C
- C++
- Python

Regarding offline student briefing session -ACS COLLEGE OF ENGINEERING, BANGALORE

Pruthvi Adisesha <pruthvi.adisesha@infosys.com>
Wed 11/16/2022 11:53 AM
To: Dr. C Senthil Kumaran <senthilkumaran@acsce.edu.in>
Cc: Sahana Kumaraswamy <Sahana_Kumaraswamy@infosys.com>

Dear Prof. Dr.C.Sentil Kumaran,

Should we confirm 22nd November Tuesday @11.30AM slot? Number of hours for the session -2hours.

Arrangements required for the session:

- Auditorium or seminar hall where students who are registered can attend. We can do multiple sessions to cover all the students based on the strength of the institution. Necessary audio/video arrangements can also be made.
- Request you to inform the students to login and access Infosys Springboard on the laptop/desktop/mobile and download the Infosys Springboard app on their phones.
- You may include students and concerned faculty members from your institute for this discussion. We can also do an exclusive session for faculty members as well.

Please Note:

- Make sure all the students have installed Infosys Springboard application and have their credentials to login handy, else kindly make arrangement in the lab during the session for them to login.
- As part of the attendance would request you to have the list of students(Name and email id) of those who attend the session and get it signed from them. Kindly share the soft copy at the earliest after the session to my mail id.

Look forward to a productive session on the 22nd Nov 2022.

Regards,
Pruthvi
