

## Industrial Visit to U R Rao Satellite Centre, ISRO – A Gateway to Space Exploration!

The Department of Aeronautical Engineering at ACS College of Engineering organized an enlightening Industrial Visit to the U R Rao Satellite Centre, ISRO, Bengaluru, on 19th December 2024 for the 3rd-semester Aeronautical Engineering students.

### Key Highlights of the Visit:

- 1  Students observed various satellites and explored advancements in space-related systems and technologies.
- 2  Gained valuable insights into satellite development, testing processes, and the intricate engineering behind space exploration.
- 3  Acquired practical understanding of aeronautical and aerospace engineering, inspiring them to pursue careers in this dynamic field.
- 4  Experienced a hands-on connection between academic learning and real-world technological innovations.
- 5  Interacted with renowned researchers and gathered in-depth knowledge about satellites and orbits.

This visit not only broadened students' horizons but also ignited their passion for the fascinating world of space exploration. A heartfelt thank you to #ISRO for providing this opportunity to our future engineers!
